Plans of Finance

THE SYSTEMS THUS FAR PROPOSED

[From the N. Y. Post.]

As the discussion of our financial problem is likely to occupy a large share of the attention of Congress we have thought it useful to bring together synopses of the several schemes that have fallen under our eye. It is, we admit, not a little unjust towards the authors of them to present their mere skeletons of reform without the flesh and blood of comment by which they are rounded out and made full. But readers accustomed to the meditation of such subjects will soon discover for themselves the reasons of the various propositions.

MR M'CULLOCH'S PLAN

The Secretary's general policy seems to include—

First—The funding or payment of the balance of interest bearing notes and a continued contraction of the paper currency.

Second. The maintenance of the public faith in regard to the funded debt—that is, the payment of it according to the intent and understanding of the original contract.

Third. The collection in the Treasury of a large reserve of gold as a means of paying off the non interest bearing notes.

Fourth—The liquidation of the debt by a large annual payment which will extinguish it in the course of a short period of time.

Fifth—The issue of bonds to be known as the consolidated debt of the United States, bearing six per cent interest and having twenty years to run into which all other obligations of the Government shall as rapidly as possible be converted ... one-fifth part of the interest on each semi annual payment to be reserved by the Government in lieu of taxes or paid over to the States according to their population as a means of return to the payment of specie.

MR WALKER'S PLAN

First—The issue of a foreign loan for $200 000 000 at six per cent interest, made payable at the foreign capitals according to foreign denomination of pounds francs thalers &c.

Second—A constant reduction of the debt by the payment of a small installment, say of $1 000 000 the first year, $2 000 000 the second, $3 000 000 the third, and so on until the whole should be extinguished.

Third—An immediate resumption of specie payments, i. e. we suppose as soon as the foreign loan shall have been taken, or is in a fair way to be taken.

Fourth—An immense and instant reduction in the amount of our taxation by the reduction of expenditures. Our whole annual expenditure, exclusive of interest on the public debt, ought not to exceed $1,000 000 a year. Inclusive of interest the whole expenditure would be $244,000,000 a year.

Fifth—To conform to this reduced expenditure he would (1) revise the tariff so as to go back to the system of 1846 with some minor changes; (2) confine the excise duties to malt and spirituous liquors wines and tobacco abolishing all other internal taxations; and (3) increase the tax upon the national banks by imposing in addition to the taxes now levied upon them which yield $8 000 000 a tax to consist of one half their net profits over seven per cent. But the restrictive feature of the bank act should be removed and all persons or corporations complying with the laws of Congress be permitted to establish banks, of which the reserves should be specie, not legal tenders.

MR MORRILL'S PLAN

First—It proposes to direct the Secretary of the Treasury, on and after July 4, 1869 to pay in coin all United States notes not bearing interest, commonly called legal tender notes which may be presented for payment at the Treasurer's office in Washington, or such other places as may be designated by him of which public notice shall be given.

Second—It provides that until January 1, 1869 whenever there shall be in the Treasury, (after paying the interest and coupons falling due on the 1st of January and July of each year and deducting gold certificates of deposit) any excess of coin above $50 000 000 the Secretary of the Treasury shall within thirty days after January 1 and July 1 respectively sell the same in such manner as in his judgment will best promote the public interest and may receive in payment United States notes, national bank notes, compound interest notes and three per cent certificates.

Third—It provides that all National Banks having on hand less than twenty per cent in specie of their respective capitals, shall hereafter, and until January 1 1869 keep and hold in coin all interest received in United States bonds deposited by them with the Treasurer of the United States but this is not to be construed as adding anything to the amount of the reserve now required to be held by these banks and that on and after July 4 1869 all National Banks shall be required to redeem and pay in coin on demand all their bills issued as currency of the denomination of five dollars and under when presented at their counters and all bills of a higher denomination either in coin or legal tender notes and any bank failing to comply with these provisions is to be deemed to have forfeited its charter and the Controller of the Currency is to take proper proceedings against it and in lieu of it to authorize new National Banks with an equal amount of capital to be located in such States as may have less than their due proportion of the whole amount now authorized by law.

PLAN OF THE CHICAGO TRIBUNE

That able and leading journal of the West, the Chicago *Tribune* suggested some time since:

First—Let Congress repeal the act allowing the Secretary of the Treasury to destroy four millions a month of the legal tender notes.

Second—Let Congress enact that greenbacks shall be convertible into ten forty bonds at the pleasure of the holder.

Third—Let Congress enact that any class of bonds may be converted into greenbacks, dollar for dollar, at the pleasure of the holder.

Fourth—Let the Secretary of the Treasury be authorized to purchase five twenties at their market price, and issue ten forties in equal amount to those who demand bonds for greenbacks and also to give ten forties in exchange for five twenties on demand of the holder.

Fifth—Let Congress enact that the surplus revenue in the Treasury shall each month be applied in the purchase of ten forty bonds at their market price.

Sixth—Let Congress charge the banks for the privilege of their circulation two and a half per cent per annum in gold, to be deducted from the interest on the bonds deposited with the Bank Controller for the redemption of their notes. Let those banks which refuse to pay this tax surrender their circulation to the Government, the same to be given to new banks in the South and West, in those States which are short of their *pro rata* proportion of banking capital and if there be no applicants on those terms let the Government fill the vacuum with greenbacks.

PLAN OF SOUND CURRENCY

A correspondent of the *Evening Post* signing himself "Sound Currency" offered the following suggestions:

First. Replace the National Bank circulation with legal tender notes as rapidly as possible. ... then be but one paper currency.

Second. Fund all such parts of the national debt as can in any form perform any of the functions of money.

Third. Gradually contract the legal tender currency until specie flows into circulation. This will occur when the paper currency shall be reduced from $... 000 000 as at present to $350 000 000.

Fourth. Let Congress order the Secretary of the Treasury to arrive at this reduction on the 1st of January 1872.

Fifth—Let Congress further order the Secretary to so govern himself that upon that day there shall be specie in the vaults of the sub Treasury to the extent of one third of the amount of legal tender notes which shall then be in circulation. If the circulation be $3... 000 000 than ... hold a reserve of $116 000 000 in coin.

Sixth—Let Congress declare that on and after the 1st of January ... ... legal ... at full ... at the ... the sub Treasuries in Washington, New York, Chicago, St Louis and New Orleans.

Seventh. Establish a Board of Currency to consist of the Secretary of the Treasury, the Controller of the Currency, the Chairman of the Committee on Finance of the Senate, the Chairman of the Committee of Ways and Means of the House and a Treasurer who shall be elected by the other members.

Create by law, an issue of one hundred millions of interest bearing bonds of the United States and deposit the same with the aforenamed Board of Currency to be sold by them in the open market whenever the specie reserve in the vaults of the sub Treasuries shall fall below ten per cent of the amount of paper afloat and to be repurchased whenever the said reserve shall rise above that sum.

Ninth—The banking institutions of the country being thus deprived of the profit from circulation the taxes imposed upon them in consideration thereof to be withdrawn and all usury laws be repealed by act of Congress, seven per cent per annum being declared to be the legal rate of interest where no contract is made.

MR VAN BUREN'S PLAN

Mr Van Buren has made no plan as a whole but as a mode of reaching specie payments he has suggested that laws be passed by Congress:

First—Forbidding any contraction of the currency and not enlarging it.

Second—Forbidding sales of gold out of the Treasury.

Third—Suspending the payment in gold of the interest on the debt for two years; paying to the public creditors for two years, seven and three-tenths in paper instead of six per cent in coin, and six and a quarter in paper instead of five in coin.

Fourth—Allowing one half of every payment of the duties at the Custom House to be made in greenbacks, or for that matter National Bank notes taken at par with gold, these notes not to be cancelled but to be paid out again in Government expenditures.

This would, Mr Van Buren argues, leave the Treasury a clear income in gold of $60 000 000 to $90 000 000—insuring with the $80 000 000 on hand a total reserve at the end of two years of from $200 000 000 to $260 000,000. With this, redemption of the $400,000 000 of legal tender notes could be maintained. It would, therefore, at once become certain that two years hence, if not before, these notes would be equal to coin.

PLAN OF E A

Our correspondent, "E A," in a letter to Chas. Sumner which we published lately proposes:

First—To legalize all contracts made in gold at once.

Second—To authorize the establishment of specie banks, free from the trammels of the usury laws.

Third—The sale of $4 000 000 per week of Ten forty bonds and the like, said sale to begin after July 1 1868.

Fourth—An enactment that on or after the 1st of July, 1870 gold coin shall be the only legal tender.

PLAN OF THE SENATE'S FINANCE COMMITTEE.

Mr Sherman, Chairman of the Committee on Finance of the United States Senate, has reported a bill which:

First—Authorizes the Secretary of the Treasury to issue registered or coupon bonds of such denominations as shall be prescribed, payable principal and interest in coin, and bearing interest at six per cent, such bonds to be payable forty years from date redeemable in coin at the pleasure of the Government, after ten years, to be issued to an amount sufficient to cover all outstanding or existing obligations of the United States, to be disposed of on such terms, not less than par, as the Secretary of the Treasury may deem best; and be exclusively used in taking up the existing securities of the United States.

Second—It provides for the entire exemption of these bonds—to be known as the consolidated debt of the United States—from taxation, whether by State, municipal or other authority, but in consideration of such authority the Treasurer of the United States shall reserve one sixth of the interest, which shall form a special fund, one-half to be distributed among the several States in proportion to their population, and the remaining half to be applied to the payment of the national debt.

Third—It substitutes for the sinking fund as provided for by laws now in force, the plan of appropriating yearly a sum which includes the amount necessary for the payment of the interest and maturing debt, and one half the reserved tax as aforesaid, to the reduction of the public debt in such manner as may be determined by the Secretary of the Treasury or as Congress may hereafter direct.

Fourth—It provides that the bonds known as the five twenty bonds shall, at the expiration of five years from their date, at the option of their holder be changed for the bonds authorized by this act and such as are now redeemable shall be presented for exchange on or before the 1st of November next, and not thereafter, the residue to be presented on or before the expiration of five years from their date, and not thereafter, and such exchange shall be made at such places and under such rules and regulations as the Secretary of the Treasury may prescribe.

Fifth—It provides that the holder of any lawful money of the United States to the amount of one hundred dollars, or multiples of one hundred dollars may convert the same into a bond of equal amount the notes so received to be held in the Treasury as a part of the reserve already provided for. The holder of any of the five-twenty bonds or of the bonds contemplated by this act, may demand their redemption in the lawful money of the United States. The Treasurer shall redeem the same in lawful money unless the amount of United States notes then outstanding shall be equal to $400 000 000 but such bonds shall not be so redeemable after the resumption of specie payment. The Secretary of the Treasury, in order to carry out the foregoing provisions is required to maintain in the Treasury a reserve of not less than $50,000,000 of lawful money, similar in all respects to the United States notes authorized by law provided the same shall not at any time exceed $400 000 000, in order to enable the Secretary of the Treasury to redeem the securities of the United States held abroad.

Sixth—It authorizes the Secretary of the Treasury to issue bonds payable, principal and interest, in coin in Frankfort or London, bearing interest at the rate of four and a half per centum per annum, payable semi annually, at a rate of exchange equivalent to five francs per dollar, such bonds payable in forty years and redeemable twenty years from date, at the pleasure of the United States in coin at a like rate of exchange and to be issued to an amount not exceeding $5 000 000 to be exchanged for an equal amount of five twenty bonds, or disposed of on such terms not less than par, in lawful money, as the Secretary may deem best but the expense of the sale or exchange of said bonds shall not exceed the difference between the said rate of exchange and the market rate of exchange on London or Frankfort.

SENATOR HENDERSON'S PLAN

The following is a synopsis of a bill to be introduced at an early day by Senator Henderson of Missouri of the Finance Committee, as a substitute for Senator Sherman's bill:

First—To consolidate the national debt in a loan principal and interest payable semi annually to be exempt from all taxation.

Second. All National Banks now having bonds filed with the Treasurer to secure circulation shall within twelve months substitute the new consolidated bonds or have their circulation withdrawn.

Third—To so amend the National Banking Law that not exceeding seventy five per cent of the par value of bonds shall be given to any bank; also to repeal the limitation of three hundred millions of circulation to the National Banks so as to make banking as free as any other business subject to such new guards and constructions as may be provided by law.

Fourth—To provide for the very gradual withdrawal of the United States notes known as greenbacks, so as to enable the National Banks gradually to supply themselves with coin preparatory to the resumption of specie payment.

Fifth—To constitute a financial board, composed of the Secretary of the Treasury the Controller of Currency and others to be appointed by law to determine the mode, manner and time of withdrawing the greenbacks and with power ... the dep... ... Treasury notes to a certain amount, not exceeding (say five millions).

Sixth. To remove internal taxes from all articles of manufacture except whiskey and tobacco and to provide new means for the collection of the taxes on these articles. Unparalleled Effrontery

The ways of Copperheadism are devious though happily not past finding out. Tortuous as they are, it may be relied on that they are intended to lead to but one result—the recovery of political power. That party does not hesitate to double on its track, to adopt contradictory measures, or to admit its want of patriotism during the war whenever it deems such a course essential to its [illegible]. The "Democratic State Convention of Indiana, at its meeting last month, adopted the following resolution

11. That we shall ever hold in sacred recollection the dead who freely sacrificed their lives in *the defense of our once glorious Union*, that present and future generations might enjoy the rich inheritance of that form of government which secures equality of rights and privileges to all the [illegible] thereof, that the nation owes to the surviving soldiers and sailors of the Union the highest [illegible] of praise and gratitude for the great sacrifices they made in the late war, and to those disabled in the service of the Union, and the widows and orphan children of those who fell in battle or died of wounds, or in the military service of the Union, such aid as will enable them to enjoy the substantial necessities of life

And the Copperhead Convention of Ohio adopted the following

Resolved, That the fortitude and gallantry of our soldiers in the recent civil war in defense of the nation, entitle them to the gratitude of the country, and they should ever be remembered by it in its bounties.

Oh, *can* anything overtop Copperhead assurance? Can anything equal Copperhead audacity and [illegible]! While the war lasted, they called the [illegible] and soldiers "Hessians," "Lincoln's dogs," "Abolition hirelings," "minions of Federal [illegible]," etc., etc; but now, when the victory is gained in spite of Copperhead opposition and obloquy, and they find it necessary to erase their [illegible] record, they try to purchase the good will and support of the national soldiers with this [illegible] cajolery, and to claim a share of the glory of achievements which they belittled at the time, and which, had they possessed the power, they would have prevented and turned into disastrous [illegible]. They now pretend to glory in victories [illegible] cut them to the heart at the time they were achieved. They will hold "in sacred recollection the dead who sacrificed their lives in the [illegible] of our glorious Union,"—yet they had not a word of encouragement for the soldier in the day of battle, and even held that it was unconstitutional and criminal to prosecute the war for a cause which they now admit was the sacred [illegible] of the country's defense. They admit that the object which our patriotic soldiers fought and died for, and which they themselves opposed with a bitterness and virulence that was scarcely less than demoniacal, was an object no less holy than [illegible] to future generations the rich inheritance of that form of government which secures equality of rights and privileges to all "[illegible]" Thus they both impeach their past [illegible] and proclaim their present dishonesty. A Democratic paper of this State which has the [illegible] to speak out on this question inquires "Why say we have the fullest confidence in the patriotism of the Federal army, when we know that the drafted, bountied soldier, or the cotton [illegible], house-burning, nigger-worshiping officer [illegible] no sentiment bordering on that sacred [illegible]? To say that they are patriots, and that the nation owes the soldiers a debt of gratitude for making it what it is, *when we don't believe any such thing*, is not honest, and not very 'cute'" The Umatilla *Press*, when it talks in this style, is simply [illegible] the language held by the entire Democratic press, from 1861 to 1865. That, and nothing more.

The President and the Rebels

Last year the object of Johnson and his followers was to force the rebellious States into Congress without delay. They are now using all their powers to keep them out of Congress until they are restored by rebels. The following passage on this subject is from the President's organ, the Washington *Intelligencer*:

"Meetings ought to be held in every village in the free North to forbid the admission into Congress of any pretended State.

And again:

But the people ought now forthwith to go further even as they have resolved, but will not believe that they are to be disobeyed. They ought to proclaim from every town hall in the North that the white people of the Southern States ought to assemble, by delegation, and prepare constitutions for their respective States, and bring them forward to this Congress for recognition

And who, asks the Illinois *State Journal*, are "the same "white people of the Southern States," whom Mr Johnson is so anxious about? They are the authors and soldiers of the rebellion. They are the men, who not only entered upon the destruction of the Constitution and Union, and made war in utter defiance of the laws of civilized nations, *but who never for one moment believed that if they failed in their bloody conspiracy they would be restored to a single one of the rights they had enjoyed.* These are the men for whose restoration Mr. Johnson is so anxious to have the whole country rise *en masse*. These are the men in whose behalf Mr Johnson desires to defeat the new Republican Constitutions for the Southern States and thus indefinitely postpone the day of reconstruction. And he seeks to befog his scheme by abuse of the negro and by false and absurd clamors against negro supremacy.

The plain issue is once more before the public—the same for which a five years' war was waged—the same for which our brothers fought and bled and died—the issue of allowing traitors to rule the South, and then, aided by the Democracy of the North, to rule again the whole country. It is proclaimed boldly in advance. Let loyal men everywhere be prepared to meet it.

Beriah Toots thinks General Grant is not a man of honor. Natural enough for him to think so; his *beau ideal* of an honorable man and an illustrious soldier is, that perjured, bloody handed gallows deserving traitor and Democrat "Gen Robert E Lee

Proceedings of the Union State Central Committee

The Union State Central Committee met at Portland on the 13th day of February, 1868, pursuant to adjournment, and was called to order by J. N. Dolph, Chairman. In addition to the counties represented by their members in person there were present T. J. Dryer, proxy for Benton county; A. C. Gibbs, proxy for Coos; W. B. Daniels, proxy for Columbia; A. C. Gibbs, proxy for Douglas; J. N. Dolph, proxy for Lane; W. Lair Hill, proxy for Wasco; and W. C. Whitson, proxy for Polk.

On motion, W. Lair Hill was elected Secretary.

T. J. Dryer moved to change the time of the meeting of the Union State Convention, substituting the 17th of March for the 24th. Lost.

On motion of W. C. Johnson of Clackamas county, the apportionment of delegates to the State Convention was so changed as to allow Grant county six delegates instead of four, that being the number to which the county was entitled upon the basis adopted at the last meeting.

W. C. Whitson of Polk moved that the State Convention meet at Salem instead of Portland, which motion prevailed by two votes majority.

On motion, T. R. Cornelius of Washington county was elected Treasurer of the Committee.

A. C. Gibbs moved that an Executive Committee of three be appointed to act for the Central Committee in all matters relating to the conduct of the approaching political contest, direct the distribution of campaign documents, etc., and that J. N. Dolph, Chairman of the State Central Committee, be Chairman of such Executive Committee, which motion prevailed. The Chair appointed as the other members of that Committee, T. R. Cornelius of Washington county, and W. C. Johnson of Clackamas county.

After some informal discussion upon matters of detail, the Committee adjourned.

The members of the Committee from all parts of the State express strong confidence that the party will carry the State next June, by a large majority.

Discussion at Sheridan.

SHERIDAN, Oregon, Feb. 8th, 1868.

EDS. OREGONIAN

To lay the citizens of this precinct were favored with a discussion on the political issues of the times, between Judge J. W. Johnson of the Lafayette *Courier* and Dr. John W. Watts. The debate was by agreement of men of each party and according to agreement of the debaters, Dr. Watts led off in a speech of nearly three hours, showing faithfully, truly and logically that the *main* issue between the parties is State sovereignty. He then proceeded to give that infamous doctrine such an airing as it seldom gets, and showed that the State sovereignty party is the same party that fired on the *Star of the West*, turned U. S. guns against Fort Sumter, fought and won the Bull Run battles, opposed the raising of troops, the issuing of greenbacks and bonds to pay the soldiers, the hanging of traitors and those who starved our soldiers, and finally procured the assassination of Abraham Lincoln; that that party are in favor of taxing U. S. bonds, the admission of such men as A. H. Stephens & Co. into the U. S. Senate, and now favor the restoration of the rebel States under the *old laws*. He told the Democrats that they dared not nominate any but a war man, and closed by a stirring appeal to honest Democrats to leave a party which, with so clear a *peace* record, *must* nominate a *war* man to secure even a decent minority.

Judge Johnson then took the stand and labored painfully to clear himself from the splinters and rubbish knocked about his ears from the Democratic ship by the Doctor's rifled Parrot, but he failed completely, sadly failed. We could see from the first that he found in the Doctor he had caught a "Tartar." In quoting the Constitution, he said, "The powers not delegated to the United States nor prohibited to the States are reserved to the States respectively," and when called on (by the Doctor in closing) on that point, resorted to the miserable subterfuge of forgetfulness. He forgot to say these powers were delegated *by* the Constitution. Mr. Johnson sadly disappointed all here, of both parties, who are capable of thinking. He said that the military despotism down South "has *disfranchised all the respectable ones down there.*" REBELS there, according to Judge Johnson of the *Courier*, are the only respectable people in the South, and does it not follow that rebels are at least respectable in the North? What of those noble men and women who stood true to the old Flag through the dark and stormy days of our country's peril? Judge Johnson says they are not respectable and we, of course, believe that he likes his own kind best. He insisted that when South Carolina laid down her arms, she should have come back with her old laws. Does that mean her slave laws? I think it does. The applause awarded to the Judge's sallies was faint in the extreme, and it is said that some of the chivalry felt so keenly for the Judge that they shed tears. Dr. Watts, by agreement, had fifteen minutes to close the debate. And here I regret to say, that the Doctor did not pursue the course laid down for him as a preacher, for he closed his bowels of mercy and went in in such a manner as few but him can ever imitate. Such a torrent of *truth* flowed from his lips in that short fifteen minutes as caused the Judge to assume something like the position Bruin is represented to have taken when in the act of robbing the hive. He, however, found solace in drawing at the cool end of a pipe.

The meeting closed by the following propositions by the Doctor which were responded to with a will. Three cheers for the Union; three cheers for Congress and the Union party; three cheers for Gen Grant and the Union soldiers who conquered the rebellion by bullets, and who will conquer in November, 1868, secession and Democracy forever by ballots. "Nary cheer" for Democracy or even for Jeff Davis & Co. Yours, L. H.

California Legislature.

SACRAMENTO, Feb. 13.—In the Senate, yesterday, the bill in reference to the new charter for Oakland was recommitted to the committee on Corporations. An act was passed to give the Governor more power in regard to pardon of criminals.

In the House, Rollins introduced resolutions that when the House adjourned at 1 o'clock, it adjourn till 7 P. M., on account of that being the birth day of Abraham Lincoln. The resolutions were laid on the table by a vote of 33 to 28. Coggins offered a resolution to amend the rule so as to meet daily at 10 instead of 11 A. M., which was laid over under the rules. A resolution was adopted for placing the Speaker of the House and the Lieutenant Governor on the Joint Committee on Agricultural, Mining and Mechanics Arts and Colleges. The special order, a message of the Governor, vetoing the act granting certain lands in Yosemite Valley to Hutchings & Lamon, came up. The bill was passed over the Governor's veto, by a vote of 44 to 11. An act to amend an act to establish pilots and pilot regulations for the ports of San Francisco, Mare Island and Benicia, was introduced by Coggins which was referred. The arguments on the Placer county contested election were concluded. Tuttle was decided to be the rightful occupant of the seat, by a vote of thirty to twenty four. Pending the consideration of Tuttle's case, a passage at arms occurred between Dwinelle and Coffroth in the course of which the latter intimated that he was ready to give the former any satisfaction he desired.

FROM THE NORTH

SEATTLE, Feb. 13—1 P. M.—It is reported that a light shock of an earthquake was felt on Snohomish river, about fifty miles north of this place on the night of the 8th. One building is said to have been moved from its foundation at seven inches, upsetting a stove and several articles of furniture. No serious damage was done as far as heard from.

The late war was essentially a national war, a war levied by the adhering States, by means of the General Government, to compel the seceding States to observe their treaty stipulations to yield to the paramount authority of the Constitution. Beyond enforcing of this authority over the revolted States, the General Government has no power over those States either expressed in or implied by the Constitution.—*Herald.*

In 1864 you denied that the General Government had this power. On the 28th of June of that year, you wrote in the San Francisco *Press*:

"The pretense of using the military power of the Government to suppress rebellion or put down insurrection, or compelling the return of the seceded States to the Union by force of arms is *all false* and aimed at the principles on which the Government was founded."

Says a Democratic paper in Southern Oregon:

The spirits have revealed that Oregon at the coming election will go Democratic by about 2,000 majority. The spirits that told that story were undoubtedly of the kind furnished at "Bascom's." Consult them again, and no doubt they will make the majority a thousand better. The oftener, the bigger.

TURBINE WATER WHEEL!

Fig. 1.

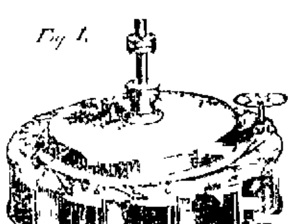

Fig. 2.

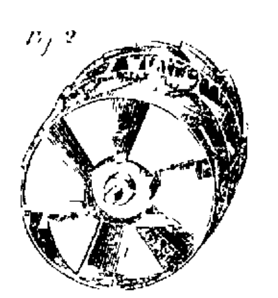

THIS NEW WHEEL OF WHICH THE ABOVE cut is an illustration, has

FOUR SETS OF BUCKETS,

USES THREE-FOURTHS OF THE WATER TWICE,

Giving at least Twenty per cent more Power than any other Wheel ever invented.

Figure 1 is an axial section of case with a [illegible] illustrates the arrangements for applying the water through a series of openings in the periphery of the case directing the wheel by [illegible] gates extend inward toward the opening which are between their inner ends, and when open fit closely against the guides thus forming [illegible] the inward flow of water. The gates are opened and closed by a hand and ratchet wheel, upon which operates a rack segment on a ring which extends entirely round the top of the case partially revolving the ring, from different points. The [illegible] of the ring [illegible] closes the gates by means of connecting rods.

Figure 2 a perspective view shows the three sets of periphery and the radial set of buckets. The peculiar construction is such that it uses three fourths of the water twice—something never before achieved in any water wheel. The buckets are very shallow, and utilize the water to the outer diameter of the case. The water thus exerts all its power upon the periphery buckets and then passes to and is again used upon the radial set giving an additional power and producing an increase [illegible] and steadiness [illegible]

Aware that the new principles of this invention may not be readily comprehended the inventor has only to say that seeing the wheel work is the most certain way of removing skepticism. He will warrant every wheel to perform all that he claims for it. By its use many of the [illegible] water powers may be again used, the means of adding to the employment and wealth of the country.

Manufacture of the Wheel.

The Inventor has made arrangements with the WILLAMETTE IRON WORKS Portland for the manufacture of these Wheels.

All orders addressed to either

WILLAMETTE IRON WORKS
Or H. W. SHIPLEY,

Will receive prompt attention.

Send for Illustrated Descriptive Circulars, and Price Lists.

MR H. W. SHIPLEY: Sir—In reply to your inquiry [illegible] that I have used one over shot and three Leffel wheels [illegible] the Leffel wheel, though unfinished. It worked the machinery [illegible] At your request [illegible] gave no better power [illegible] and am still using it with the most satisfactory results. I have subjected it to some severe tests [illegible] which squared 15 inches, [illegible] planer with a 9 inch knife [illegible] depth without in the least slacking the speed. After thorough tests of both wheels I am satisfied that your wheel with gates one eighth open gives as much power as the Leffel with gates one third open. At half gate your wheel gives double the power of the Leffel at half gate. At full gate the power of yours exceeds that of the Leffel by from ten to twelve per cent. At quarter gate, the Leffel [illegible] compared with yours at quarter gate.

N. B. Mr. Shipley was not present at either of the trials of his wheel [illegible] the State at the time of trial.

THE [illegible] OF [illegible] AND SHEEP [illegible] [illegible] *perfectly dry fed* [illegible] powder the coating of the stomach was dry as the part [illegible] [illegible]

AFT [illegible] JUMPED UP.—The [illegible] has [illegible] for steamer *Ajax*, now at and to arrive at the following rates: Flour in gunnies $6 per ton in gr sacks $ per ton and all other freight, $8 per ton. Heretofore the prices were $5 for flour, and $6 for all other freight. No reason for this is known except the usual one which seems to control all monopolies—the greed of gain. The company evidently wishes to make the Oregonians pay for the temporary suspension of steamer trips [illegible] It is understood in San Francisco and it is true that there is a large amount of grain and [illegible] here, the shipment of which is urgent [illegible] The next steamer [illegible] at the above rates [illegible] there may be still a margin for profits. But how apples and [illegible] shipped with [illegible] Some of them will [illegible] Many holders of grain and flour too will hold on for the arrival of sailing vessels and it may be that the steamship company will yet find that it has not pursued the wisest policy.

THE FAIR. The Orphans' Fair at Oro Fino Hall opened very successfully last evening. The hall is elegantly decorated with wreaths of evergreens, [illegible] of banners, [illegible] of trees, etc, with singing birds perched all about and many beautiful devices conspicuous among which is [illegible] charity knows neither creed nor country. There were [illegible] fancy tables [illegible] etc. The refreshment tables were loaded with abundance, and the other stalls were loaded with needle work, embroidery, paintings, engravings, bead work, crochet work and other articles by far too numerous for mention. The taste displayed in the arrangement, the number, quality and beauty of the articles exhibited were never excelled by any fair ever held in this city. The great number of visitors was a most cheering presage of the eventual success of the fair.

THE STEAMER ECHO.—The *Record* of yesterday has the following concerning the late accident to the steamer *Echo* and her present condition: "We learn from Mr Church that the *Echo* ran on a snag at McClosky's, about ten miles below Salem. In making the bend the boat swung on to the snag which is immediately in the channel; the snag pierced the side. The load of flour was taken off by the *Enterprise* and taken below, only four or three to five tons of it being slightly damaged. The *Echo* filled with water and careened to one side. All efforts to free her from the snag have been unavailing, which is able so and makes it difficult to move the boat. All efforts having failed, the machinery will be immediately removed to lighten her, for which purpose the *Reliance* is now on the river by the side of the wreck.

THE TRAGEDY AT CHINOOK.—We have another letter from Astoria—not delivered Wednesday night—concerning the late tragedy at Chinook. It says: "It appears there had been a dance at Chinook, at the close of which Mike Walsh and Wm McNamee went to the house of Mr Preble in which a difficulty arose between the parties. Walsh struck Preble with a coffee-pot. Preble shot Walsh; McNamee shot Preble and then a partner of Preble named Van Dawson shot McNamee. Preble and McNamee died almost instantly. Walsh is in a fair way to recover. Van Dawson is under arrest." It will be seen this correspondent gives the names differently from those published yesterday morning.

THE FREIGHT OF THE ORIFLAMME.—Contrary to the general understanding here previous to the arrival of the *Ranger* from Astoria, the *Oriflamme*, when in the river in January, did not discharge her cargo at Astoria, but took it all back to San Francisco. We understand that the [illegible] for this was that the steamer had no ballast, and as the freight could not come up the river if left, the captain concluded to keep the freight as ballast. This of course will be something of a disappointment to those who are in immediate need of the goods shipped by her.

SHIPWRECK NEAR TILLAMOOK.—Our Astoria correspondent says: Some Tillamook Indians brought news a week ago that part of a vessel came ashore a few miles below Tillamook, and there had been a general stampede of the people of Tillamook to the locality. Quantities of the cargo came ashore along the beach, such as dry goods, liquors, &c. It is supposed the vessel went to pieces on the rocks some distance off, as nothing has been heard as yet of the crew, her name, or anything more than that they had plenty of whisky and icles.

COLLECTION OF SHELLS.—Mr W. T. Shanahan has in the show window of his art gallery a beautiful frame, worked in shells and pebbles—a collection from the shores of Puget Sound. They are laid on the frame in glue and varnished, and in their artistic groupings are peculiarly ornamental, not to say beautiful. The frame incloses a dozen or more small pictures of large card size. We are not aware whether the frame is for sale or merely to enrich the collection of beauties in the show window.

FAVORABLE INDICATION.—We are informed by some of the attorneys and others in the city that real estate is looking up; that the sale and transfer of property is assuming considerable activity. Quite a number of sales have been made within the past few weeks. Money appears to be seeking investment upon the expectancy of future prospects, instead of the property seeking buyers as for the past two years, which can be said to be a favorable indication of better times coming.

EXAMINATION AT THE ACADEMY.—The Portland Academy and Female Seminary closes its winter term to-day. The examination of students in the branches pursued during the quarter began yesterday morning and will be continued through to-day. The term closes with a larger list of students than were ever enrolled [illegible] quarter before. The next term will open on Monday the 17th.

CIRCUIT COURT—UPTON JUDGE.—Proceedings of Thursday Feb. 13th.

A. H. Egan vs. Hopkins and wife; case submitted to jury; verdict $385 [illegible] for plaintiff.

H. C. Hill vs. A. Meyers; action [illegible]

The Grand Jury presented three bills of indictment.

FIRE COMPANY'S ELECTION.—Protection Co. No. 4 held their annual election for officers last evening with the following result: [illegible] W. S. [illegible] Foreman; H. [illegible] 1st Assistant; W. N. [illegible] 2d Assistant; D. M. [illegible] Secretary; J. B. Miller Treasurer; [illegible] M. Moak [illegible]

PERSONAL.—Mr W. B. Carter, editor of the Corvallis *Gazette*, is in town and gave us a call yesterday. Brother Carter is as jovial as ever, and we can easily believe him when he says [illegible] better than [illegible]

OPPOSITION.—The action of the steamship company in raising the price of freight has revived the talk of an opposition line [illegible]

PLACE OF MEETING CHANGED.—The adjourned meeting of the Union State Central Committee was held yesterday afternoon in this city. Among other things done the place for holding the Union State Convention on the 25th March was changed from Portland to Salem.

[illegible] SERVICE.—The O. S. N. Co. will have some of their employes at work to-day upon the steamer *Cascade* [illegible] this city and St. Helens [illegible]

THE OKANA.—News was received by telegram from [illegible] yesterday morning that the steamer Okana [illegible]

FOR ASTORIA.—The *Ranger* left this city for Astoria at [illegible] o'clock yesterday at [illegible] and will return on Saturday. A sight at this steamer by daylight shows that she has been subjected to some rather hard wear since she last went down the river.

HELD TO ANSWER.—Isaac Wagner had an examination before the Recorder yesterday morning on the charge of refusing to assist an officer to make an arrest when duly called [illegible] The Recorder held him to answer and fixed bail at $

[illegible] Mr. W. C. Wilson [illegible]

[illegible] from Oregon [illegible] 3 bales woolen goods, [illegible] dried apples and 9 dressed hogs.

[illegible] THE BOARD OF DELEGATES.—As provided by the law creating a Regular [illegible] Department [illegible] Common Council [illegible] February 11th 1868 [illegible] Secretary to wit: [illegible] Al Zieber [illegible] Messrs [illegible] Zieber [illegible] entitled to seats as members of the board [illegible] Willamette Engine Co. No. [illegible] [illegible] Engine Co. No. 2 [illegible] H. Gwynn [illegible] Prevott [illegible] Miller [illegible] Zieber [illegible]

Upon motion the report of the Committee was adopted [illegible]

Mr. Prevott moved that the permanent organization [illegible] the delegates from [illegible] Co. No. [illegible] might be present [illegible] and spoke in favor of the postponement. The motion was overruled by the President.

Mr. H. [illegible] appealed from the decision of the Chair [illegible] in order that No. 4 might be present.

Mr. Coulson [illegible] and Walling [illegible] in turn [illegible] of the President, stating that it was no fault of the Board if the latter company had failed and neglected to elect their delegates in the time provided by law.

The motion was put on the appeal from the decision of the President and lost, the Chair being sustained by [illegible]

The Board then proceeded to the election of President, and upon the first ballot A. B. Hallock received 3 votes, Flask [illegible] H. Boyd 6. Mr. Boyd was declared elected.

The election of Secretary being next in order, upon the first ballot S. C. Mills received [illegible] H. C. Coulson [illegible] Zieber 1, W. O. Bruen 1, Blank 1. There being no choice a second ballot was taken, which resulted in giving S. C. Mills [illegible] votes, whereupon he was declared duly elected.

The election [illegible] Chief Engineer [illegible] Al Zieber received [illegible] votes, H. C. Coulson 2, Hallock 1. Mr. Zieber was declared elected.

Mr. Coulson moved that the Board proceed to the election of a Second Assistant Engineer to fill a vacancy.

Mr. Hall [illegible] moved that the motion to go into election for second Assistant Engineer be [illegible] which was put and lost.

A motion to proceed with the election was [illegible]

A motion was made to adjourn, which was lost.

The election for Second Assistant Engineer was postponed and the Board adjourned.

SCARCITY OF FLOUR.—Passengers by the *Ranger* from Astoria represent that there was a scarcity of flour at that place and the [illegible] supply from this city.

SENT TO THE HOSPITAL.—A poor fellow named Wm Mathias was examined yesterday before the County Judge [illegible] hospital.

[illegible] will leave this morning [illegible]

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.
Prevents Fever and Ague and Billious Remittent Fevers. Fortifies the System against Miasma and the evil effects of unwholesome water. Invigorates the organs of digestion and the bowels. Steadies the Nerves and tends to Prolong Life.
REMEDIAL PROPERTIES.
Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or PRODUCED BY SPECIAL CAUSES

NOTHING THAT IS NOT WHOLESOME, GENIAL and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. [illegible] plants with the [illegible] and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Decrepitude [illegible] the convalescent stages of all diseases [illegible] nature are relaxed, it operates to re-enforce and re-establish the [illegible]

Last but not least, it is the only safe stimulant being manufactured from sound and innocuous materials and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

SHOT GUNS AND RIFLES!
A [illegible] EVERY CITY AND TOWN [illegible]

The Needle Gun and the Career of its Inventor

On the 9th of December Herr von Dreys, the inventor of the needle-gun, died at his native place of Sommerda, near Erfurt. He was born in 1787, and, the son of a locksmith, worked in his father's shop until, as is the wont of artisans in this country, he left home to perfect himself in his trade. In the course of his wanderings he came to Paris, where he found employment under Colonel Pauly, a German officer, commissioned by Napoleon I, to invent a breech loading rifle. There he stayed from 1809 to 1814. It was well known how, after his return to Prussia, he established an iron factory, and, devoting all his energy to the pursuit of the object which had been vainly attempted by his Paris teacher, at length succeeded in constructing the *zundnadelgewehr*. This was in 1836. Four years later orders were given to arm the light [illegible] of the Prussian infantry with this gun. Working steadily on amid the honors and riches heaped upon him, he from time to time presented his country with new inventions, some of which promise to add still greater lustre to his name. Among these the grenade rifle, to be shortly given to some fusileer regiments, is mentioned as the most important. Its physical and moral effects upon the enemy is anticipated to exceed everything hitherto achieved in this line. The ball, weighing 88 grammes, is 53 millimetres long, hollow, and filled with a charge of powder 2½ grammes in weight. On striking, it explodes with the [illegible] certainty, and, dispersing its fragments three feet in every direction, is reputed to do as much damage as three or four ordinary balls, and to cause as much dismay as would a dozen. The ingenuity displayed in making a simple yet effective projectile is repeated in a contrivance to [illegible] the rebound, necessarily strong in so heavy a weapon. The calibre of the new rifle is 21 millimetres. Speaking of firearms, a few words may be [illegible] upon the rifled mortars, devised by the Prussian Artillery Commissioners. They are [illegible] feet long, and can be brought to an elevation of seventy five degrees. It is asserted that, hitting their mark with as much precision as the rifled cannon, they are applicable in [illegible] where the latter would be of no use. If the hopes of professional people are fulfilled, the balls, flying over walls that would be impenetrable to rifled cannon, will prove incomparably more dangerous enemies to fortresses than the old mortar with its random shots, while, when employed on coast defences, they will fall perpendicularly on the deck of a vessel the cuirassed sides of which [illegible] attack.

CURRENCY.—Director Delmar, of the Statistical [illegible], in reply to a communication from General [illegible], gives some interesting financial statistics, [illegible] to prove that the civilization of the world [illegible] in a great measure upon the character and quantity of its circulating medium. He [illegible] the amount of coinage from the Augustan age, A. D. 14, when it amounted to $358,000,000, to the [illegible] time, and shows that from the year [illegible] the amount of coin in circulation gradually [illegible] A. D. 806, when it reached the [illegible] $33,674,256. It then commenced [illegible] did not recover itself until the beginning [illegible] century. Its marked increase was in the year 1600, when the mines of Potosi [illegible] marked the closing of the [illegible] the commencement of the [illegible] of the fifteenth century, the [illegible] were established in Europe. The [illegible] on interest during most of this [illegible] was [illegible] odious, and the tariff fell entirely into the hands of the Jews, who, becoming [illegible] by it, were frequently plundered, [illegible] first to have been regulated [illegible] when the [illegible] while in France it was [illegible] by a few Jews. [illegible] during the [illegible] in the modern [illegible] In 1157, [illegible] Geneva in [illegible] this time [illegible] was founded [illegible] precious [illegible] at $2,[illegible] are in [illegible]

"Having lately had an opportunity of becoming somewhat acquainted with the workings of this Institution, I unhesitatingly recommend it to all who wish to secure a practical business education in the shortest time and with the least expense. The idea of going from Oregon to California to attend a Commercial School is simply absurd"

"It is my opinion that pupils instructed by Messrs. LAUDEN and DeFRANCE receive greater attention than those of any other Commercial College on the coast, and this I say without wishing to detract from the usefulness of schools I have visited in San Francisco."

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation they suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life-destroying maladies; see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females, treated with eminent success. Such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruation, Barrenness, etc., will be speedily cured, without poisonous drugs, injurious or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Persons calling at Dr. Gibbon's office or sending for packages of medicines, may rely upon his assurance of confidential secrecy with implicit faith, and expect no more than to be charged with a fair, and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of cases, rather than the prevalent and selfish practice of extortion among quacks and pretenders.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER. Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.

CARD.

DR. BARLOW J. SMITH'S WATER CURE AND Phrenological Institute, 627 Sacramento Street, San Francisco. This is the only Regular Water Cure in Francisco, where all curable diseases are treated without drugs. Dr. Smith was the first to establish a water cure on this coast, based upon the theory and practice of the New York Hydropathic College.

We have a truly healthful boarding place for men, women and children, and our prices are moderate.

The Phrenological organs plainly indicate the diseases to which any person, male or female, is predisposed.

Put this card in your hat, and when you come to San Francisco, call on Dr. Smith. He will give you consultation and a phrenological examination in regard to health. It will cost you nothing and may save you months and years of ill health and "bad luck."

Dr. Smith gives free lectures to gentlemen every Friday evening on subjects pertaining to health, at his Phrenological Hall, 627 Sacramento Street.

HIRAM SMITH'S Ophthalmic Panacea!

IN BRINGING THE ABOVE NAMED NEW REMEDY to the notice of the Public, the Proprietor begs to state a few facts in relation to it, as follows:

It originated in Prussia, where the science of Medicine is so thoroughly taught and practised, but owing to the poverty of its discoverer its wonderful properties were not known beyond the limited circle of his acquaintance, in which, however, it proved itself absolutely infallible in eradicating disease from the eyes.

He immigrated to this country, bringing his discovery with him, but seems to have been indifferent to the propriety of giving it general and wide-spread circulation, and, as previously in his native country, seemed only desirous of using it among his friends and neighbors.

The present proprietor was one of those neighbors and for many years was a witness to its wonderful efficacy and after ineffectual efforts to persuade the inventor to more widely disseminate the knowledge of its virtues finally became himself the possessor of the secret of its preparation.

And now, while he does not deny that he hopes and expects to make money by its sale, he must yet lay claim to a desire to benefit his fellows by presenting to them a remedy *which does and will cure where medical science* and all experience have failed.

He wishes it to be understood that it will cure *all* diseases of the eye, whether of recent or long standing, but its greatest power is exhibited when it is applied to old *Chronic Cases* of long standing, which have resisted every other attempt to cure them, and which have been given up as hopeless and past being cured or relieved.

He asks those afflicted in this way to give it a trial, and so confident is he of its success that he instructs all his agents TO REFUND THE MONEY IF IT FAILS TO CURE.

It has within the past year cured cases of GRANULATED LIDS, INFLAMMATION, &c., of FIVE, SIX, NINE, FIFTEEN and SEVENTEEN YEARS STANDING, evidence of which fact is furnished in the testimony of the following persons, living at and in the neighborhood of Harrisburg, Linn county.

ALEXANDER L. WALKER was cured of inflamed eyes of nine years standing. Had been treated by eminent physicians during all that time without effect.

Mrs. MONTGOMERY, of Harrisburg, had inflamed eyes for over two years. For one year they were so bad that she could not work. Was finally completely cured by the Ophthalmic Panacea.

E. D. MOORE, of the firm of Moore, Grant & Raber, of Harrisburg, had granulated lids for six years.

NATHANIEL BELT, of Clackamas county, had inflamed eyes—a bad case—for over fifteen years.

ROBERT RAMPEY and W. D. PORTER, of Harrisburg, JOHN M. HOLLOWAY, of Linn County; G. R. WARD, of Lane County, were all afflicted, more or less severely, with diseased eyes, and were cured by the Ophthalmic Panacea.

All the above named persons have given lengthy testimonials to the facts as above stated, which may be seen at the proprietor's office in Harrisburg.

PROSPECTUS

OF

THE OLYMPIA TRANSCRIPT!

WE, THE UNDERSIGNED, HAVING PURCHASED the "UNION BOOK & JOB PRINTING OFFICE," of T. F. McElroy, propose to issue a Weekly Newspaper at Olympia, W. T., on or about the 1st of December next, to be called THE OLYMPIA TRANSCRIPT.

The paper will be devoted to the Agricultural, Mechanical, Commercial, Mineral, Moral and Political interests of the whole Territory.

In Politics we shall uphold and sustain the Union Principles of the Nation, at the same time reserving the right to be INDEPENDENT on all subjects, that we may be better able to discuss all matters in their true light and give credit wherever it is due.

We trust our friends will circulate this prospectus generally and assist us in getting a good list of Subscribers, Advertisements, or Job Work. We also invite correspondence from all sections of the Territory.

THE OLYMPIA TRANSCRIPT will be issued every Saturday, at $3 per annum in advance.

Hoping to receive a share of public favor, we unfurl our banner to the breeze.

REDINGTON & CO'S

ESSENCE OF

JAMAICA GINGER

This valuable preparation, containing, in a highly concentrated form, all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the Stomach and Digestive organs.

As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for while it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

Sold by Druggists everywhere, and at wholesale by REDINGTON & CO., Agents for the Pacific Coast, San Francisco. je24d7m4p

STOP THAT COUGHING

SOME OF YOU CAN'T, AND WE PITY you. You have tried every remedy but the ONE destined by its intrinsic merit to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure, but

NEWELL'S Pulmonary Syrup

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

NEWELL'S Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S Pulmonary Syrup

has cured thousands and it will cure YOU if you try it.

This invaluable medicine is pleasant to the taste, soothing, healing and strengthening in its effects, entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

- *CONSULTATION, IN ALL CASES, FREE*
- *CURES GUARANTEED, OR NO PAY REQUIRED.*
- *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive, but the desire to point out to those who suffer, languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell, but its presence can be detected by the most inexperienced by noting the following symptoms, Weakness of the back and limbs, languishing feelings, loss of muscular power, nervousness, irritability, cold feet or hands, accompanied by hot heads; symptoms of consumption; short breath, flushings of the face; aversion to society, confusion of the mind, loss of memory; nightly emissions; colorless; slight discharges upon the least excitement, trembling; palpitation of the heart, irregular appetite, variable temper, etc.

YOUNG MAN, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the SLIGHTEST DEGREE, you have the seeds of weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a disease that declares itself at once. Therein lies its greatest dangers for while the patient is being treated for some affection of the Heart, Lungs, Brain, or Digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the bent form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression.

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspirations.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system, unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepid, and degenerate. This is applicable to both sexes, whether married or single, and to all times of life.

Do not delay if you feel any of the symptoms of the terrible complaint, or if your acts have been such as to lead to them, but by instant application secure to yourself the only hope of health and happiness. The Doctor uses no mercury or other deleterious drugs—cures, when taken in time, always guaranteed, and full and proper vigor restored.

The afflicted are assured of every confidence.

PERSONS AFFLICTED WITH VENEREAL.

During the seventeen years since the establishment of the Institute, the number of cases of Venereal that have been treated, show a record unsurpassed by any hospital in the world, and the success that has invariably marked the course of treatment,

Without Mercury or other Deleterious Drugs,

Shows conclusively the use of them to be not only uncalled for, but actually dangerous, for it is a thoroughly established medical principle that those poisonous drugs, by entering the blood, ruin the constitution and destroy life.

The Doctor effects a cure in recent cases in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in-doors or without. The diet need not be changed. Cures always guaranteed, or no pay required.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the inquiry should be, Where is there a physician competent to administer relief, and whose respectable standing in society will recommend him to the confidence of the community? The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous or designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—on in whose secrecy the utmost confidence can be placed—consultation by letter or otherwise, free. Cures guaranteed in all weakness and trouble incidental to the sex. Private apartments are provided, when desired, where can be had all the advantages of unremitted attention of the Doctor, and the most skillful and faithful nurses.

TO CORRESPONDENTS.—Persons, either male or female, residing in the interior, are often deterred from consulting the Doctor because they cannot spare the time, nor incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint, will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen by no one except the Doctor and will be treated with the utmost confidence and either be returned or destroyed.

Consultation Free.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well known merchant of Oxford, Maine,

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our [illegible]."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev Robt Stratton, Bristol, England,

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs Jane E. Rice, a well-known and much esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the firm of Gage, Murray & Co., manufacturers of papers in Nashua, N. H.

"I had for several years a very [illegible] humor in my face, which grew [illegible] until it disfigured my features and [illegible] an [illegible] affliction. I tried almost every [illegible] could of both advice and [illegible] relief whatever, until I took your SARSAPARILLA. It immediately [illegible] my face worse, as you told me it might for a time, but in a few [illegible] skin began to form [illegible] continued until my face is as [illegible] as any [illegible] and I am without any sy[illegible] of the [illegible] I know of. I enjoy [illegible] and [illegible] doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood

From Dr. Robt. Sawin, [illegible] St., New York.

"DR. AYER. I seldom fail to [illegible] and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could [illegible], and took hundreds of dollars worth of medicines. The [illegible] were so bad that the cords became [illegible], and the doctors decided that my arm must be [illegible]. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together [illegible] cured me. I am now as well and sound as any body. Being in a public place, my case is known to everybody in this [illegible], and [illegible] of all."

From Hon. Henry Monro, M. P. P., of [illegible], C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel [illegible] it to the [illegible]."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the [illegible]

"Our only child, about three years of age, was attacked by pimples on his forehead. They [illegible] until they [illegible] and [illegible] sore, which [illegible] his face, and [illegible] his eyes for [illegible] days. A skilful [illegible] nitrate of silver and [illegible] For [illegible] days we [illegible] lost with [illegible] face. Having [illegible] else we had any hope from, we [illegible] your SARSAPARILLA, and applied the [illegible] as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole [illegible] that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the [illegible] and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent alterative in the cure of both of the [illegible] and [illegible] type, and effectual in [illegible] cases that were too [illegible] to [illegible] I do not know what we can employ with [illegible] where a powerful alterative is required."

Mr. Ch. S. Van Liew, of New [illegible], had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease [illegible] and [illegible] in spite of the [illegible] by [illegible] that [illegible] by the persevering use of AYER'S SARSAPARILLA, [illegible] him. Few cases can be [illegible] than this, and it took several bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal Scrofulous Ulceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very [illegible] of long [illegible] two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
